BESPOKE WARDROBE BOUTIQUE
by Recherche

Here at iwardrobes we specialise in bespoke made-to-measure storage solutions. Our aim to meet the highest expectations of our customers.

Having the majority of our clientele from the word of mouth, personal recommendation and long-term partnership with designers and architects, we sincerely believe the key to success is the attention to detail.

Our expertise lies in

- ✓ Bespoke dressing rooms
- ✓ Made-to-measure fitted bedrooms
- ✓ Built-in wardrobes
- ✓ Custom-made loft storage solutions
- ✓ Fitted alcove wardrobes
- ✓ Bespoke sliding door wardrobes
- ✓ Designer spray-painted closets
- ✓ Custom crafted fretwork wardrobes

The Westminster

The elegant Westminster traditional bespoke closet with lattice fretwork pattern has been created to compliment classical interiors and for customers who are after the timeless beauty. Fretwork can be designed as per your requirements.

Bespoke hinged doors with custom-made mirror elements might be designed to customers preferences with a wide choice of mirror and glass colours and effects, available door paint options give a customer an opportunity to design a truly unique piece of furniture that will not only compliment the room but also will ergonomically help to use the space available.

While the bespoke exterior of the built-in wardrobe is one of the main reasons why customers prefer the custom-made closets, the opportunity to choose what actually will be inside of your new fitted wardrobe is really great. It is up to you to decide what would be the size of the hanging space, how many drawers, shelves, tie racks, accessory or shoe drawers etc you will have.

Holland Park

The Holland Park range can be made out of laminate or high gloss MDF. This fitted closet has been created for customers who like classical designs with a modern twist.

High gloss panels reflect the sunlight and neutral yet deep cashmere colour complements the minimalistic design of the room. There is a wide choice of colours for you to choose from – from whites and cream ones to deep greens, browns, blues and even black ones. Also available in matt finishes.

Neutral colours can help to relax, while brighter tones could a great idea for bespoke nursery wardrobes or loft playrooms. The wardrobe can also be made as a part of the bespoke dressing room or the hallway for keeping the outerwear and the shoes out of dust.

Depending on your taste and preferences, fitted shoe shelves of drawers, trouser rails or accessory drawers, LED lights, pull-down hanging rails, eco leather elements can be added for maximised personalisation.

Islington

Our made-to-measure mirror sliding door Islington wardrobe is a great option for any room. Mirror doors make the space look larger and lighter as well as allow you to avoid buying a separate mirror for dressing up.

Apart from offering several types of mirror including the bronze, antique, silver etc, we also offer a range of frames – champagne, white, black, matt black, silver.

The interior of the bespoke wardrobe is always being made depending on your personal preferences.

You can have the full-length hanging space for keeping coats, maxi dresses or suits. Or we can create a bespoke fitted shoe storage for your collection of footwear. May be you are after a mix of hanging rails for shorter items like skirts, jackets and tops, fitted trouser rails, bespoke accessory drawers and shelving? Your needs and ideas is the only limit (apart from the space available of course).

Richmond

The Richmond custom closet is a very popular choice amongst the period property owner. When you think of the Victorian or Georgian home one of the first things you would probably think of would be high ceilings and the fireplace with chimney breast. It often really is an issue to use the space around the fireplace effectively.

Our Richmond closet is a fitted elegant Shaker style wardrobe that can fit the niches near the chimney breasts or any other place if your neatly. The doors are being professionally spray-painted and you always are the one choosing the colour of the paint.

Behind the doors we can fit almost anything to make sure the storage meets your needs and requirements. For the shoeacholics bespoke shoe shelving or shoe drawers could be the preferred choice. For office workers the hanging space might be the solution to store the shirts, skirts and trousers. You also have a chance to decide on the length of the hanging space –maxi dress lovers and coat owners might wish to go for the full length hanging space making sure it fits the garments. Set of drawers is another feature almost all customer decide to have behind the fitted wardrobe doors. These can include accessory drawers, deeper sections for socks and underwear etc.

Do you like the space of the Shaker style doors but would still like to add a statement to your storage solution? How about painting the doors into the deep blue or green colour? Or may be high gloss paint is something you are after?

Kensington

The Kensington fitted wardrobe is the modern sliding door storage unit with elegant spray-painted sliding doors. When you think of the sliding door wardrobe the majority of us would probably imagine a unit with doors made of some modern material like MFC or glass and thick frames.

In the Kensington wardrobe we have found the solution for homeowners that like the solid look of painted doors, but do not want to waste the space for hinged doors or just are looking for a synergy of traditional look and modern feel.

In terms of the interior of the wardrobe – the fitted LED add a lot of convenience in rooms with limited sunlight and some dramatic look to the fitted storage. The lights can come with either a movement sensor or a switch. For footwear lovers the shoe drawers or shoe shelves can be fitted. The built-in chest of drawers is probably the most popular choice together with the hanging space.

The City

The City wardrobe is a contemporary storage solution for homeowners preferring minimalism in their interior. The wardrobe comes with professionally spray-painted doors and inset handle with the panel behind it.

We always aim to offer our customer as wide choice of colours, structures and effects of the materials available. With our The City storage solution clients get a modern made-to-measure wardrobe with beautiful doors painted to the colour chosen. You can also choose the panel behind the handle and the material for the carcass. We cooperate with renowned European companies and offer a wide choice of colours, effects and structures, including the wood and leather effect panels, eco-leather etc. The interior of the wardrobe is always being chosen by our customers.

We never limit you with the choice of a few handles and knobs. We do our best to offer as wide choice as possible to make sure each and every customer has a chance to create the unique interior element that would also be a convenient and practical storage solution

Knightsbridge

The Knightsbridge bespoke dressing room is made of high quality materials and joinery.

Fitted LED strips with movement sensor add light to the room and is a great option for spaces without windows or rooms with limited sunlight. It would also be suitable for bedrooms with slopping ceiling or as a storage solution for loft. Routed drawer handles add elegant touch to minimalistic design of the wardrobe. Fitted shoe shelves can also be replaced with shoe drawers with glass fronts to keep the shoes visible.

The height of the hanging space depends on the ceiling height of the room, however there are recommended minimal figures to make sure the clothes do not lay on the lower shelve. Upper shelving is often used for keeping luggage or garments customers do not use often.

There is a wide choice of available material colours and structures. For more ideas a a quick quote feel free to call us or fill the contact form.

St Johns Wood

The St Johns Wood walk in wardrobe is a modern dressing room created for customers who like the feel of space.

The open plan walk-in wardrobe comes without carcasses that ads and airy look and feel to your room. The unit comes with the panels mounted on the wall and floating shelves and chest of drawers. The shelving can be fitted with the hanging rails underneath, that would not only help to keep the clothes from the dust, but also can be a great place to keep bags, shoes, photos, smaller garments etc. Shelves can also come with accessory sections for belts, jewellery, underwear, ties etc. To add more light and dramatic look LED light strips with movement censors or switch can be fitted.

The St Johns Wood dressing room has a modern minimalistic look, and it looks just great with sleep push-to-open chest of drawers. However with iWardrobes the only limit is your fantasy and taste. The walk-in wardrobe could come with deep structured wood-effect, eco-leather, high gloss panels.

Would you like to add a dramatic look to your dressing room? How about dark or bright coloured panels, different colour shelves? At iWardrobes we are ready to make the most unusual, brave and eccentric ideas into reality.

Canary Wharf

The Canary Wharf modern designer wardrobe is a part of our designer sliding door closet range.

The accent in the sliderobe has been made to the beautiful frame made from high quality spray painted MDF. The majority of sliding door wardrobes come with metal frames with handles being a part of the frame. With the Canary Wharf custom wardrobe we wanted to offer our customer a different modern sliderobe, the bespoke storage solution that would not only be a contemporary unit, but also a fully customizable interior feature.

You are free to choose any RAL paint colour and the mirror type as well. The unit look great with the standard mirror panels (you also do need to buy a mirror), but it would also be amazing with bronze, lacquered or glass panels.

The interior of our wardrobes are also truly bespoke. It can be a part of a hallway storage with hanging space for coats and jackets and shoe drawers. The accessory lovers might prefer to have shelves for bags, jewellery drawers with fitted LED lights. The wardrobe can also be a part of the walk-in closet.

Regents Park

Marylebone

Our Marylebone spray painted dressing room is the storage solution for homeowner who prefer traditional style with a modern twist. This particular walk-in wardrobe comes with spray-painted hinged doors and mirrors to make the space look larger and lighter and also to replace the stand alone mirror.

Doors help to keep clothes out from the dust and make the room look cosy and accurate. The fitted shoe and bag shelving comes without doors, but glass doors could be a good idea to keep those away from the dust but still make the shoes visible.

Light wardrobes make the space look lighter and larger, depending on your taste and preferences closets can be made in any colour available including dark and bright tones. Some customer might prefer making all doors with mirror elements or to have them all spray painted.

As always the interior features depend only on customers needs and ideas. Fitted LED lights, accessory drawers, hanging spaces, shelving – it all is up to the client to decide.

Anthony

We've all dreamed of our perfect walk in wardrobe – it could well be that the Anthony is just what you've been dreaming of! From the moment you talk to our designers, you'll realise that this wardrobe can be whatever you want it to be.

Everything is fully customizable, meaning heights, widths and positioning can be totally flexible, meaning the walk in closet completely works to the size and proportions of your existing room. Add to that a fantastic range of different shades and finishes, and you can pretty much design your own closet!

There is the option of a melamine panel with fabric effect finish, alongside any number of lacquered glass panels in over fifteen colours. There are rack panels in three different finishes, mirrored sections and wood effect melamine surfaces. Thanks again to the customization possibilities, we can create for you compositions of either linear, horseshoe or L-shaped design.

The Anthony walk in closet comes with a wealth of hanging space, shelving and drawers to compliment perfectly your existing room.

Maida Vale

Our bespoke fitted loft wardrobe is a great storage solution for homeowners who want to make their lofts a cosy and practical space for not only storing goods and clothes but also to use as a study or make-up table if necessary.

As the closet was made to the customer's specific measurements it allowed not only to maximise the storage space, but also not to waste the space around the skylight window. High quality matt white materials could be a great neutral option for any interior as visually it does not make the room look bulky nor dark.

The shelving on top of the table can be used not only for storing photos or make up, but also to keep documents, folders, stationary or accessories.

All our project are bespoke and created especially for the particular client as there cant be two similar customer nor homes. For making your storage solution ideas into the reality call us now for a free designer visit and a quick quote.

Swiss Cottage

The Swiss Cottage fitted dressing room is a walk-in closet with mix of open-plan storage units, hinged solid-panel wardrobe and hinged glass door wardrobe.

The dressing room is divided in separate sections – open-plan no-door hanging space for frequently used garments or clothes already worn. Lower shelves can be used for storing shoes and bags. Two solid-pane hinged door wardrobes would be a great storage solution for maxi dresses, evening clothes or outerwear.

Fitted glass hinged door closet can be great for keeping the clothes that are not being worn often or pieces you would like to keep away from dust. Glass doors keep the dressing look and feel airy while solid-panelled doors might make the space feel smaller or bulky.
For separating the “his” and “hers” sections different tone materials could be used – lighter and darker option of the same colour.

To add more light LED strips with movement sensors would be fitted. For more design options and choices of materials call us to book a free design visit.

Patrick

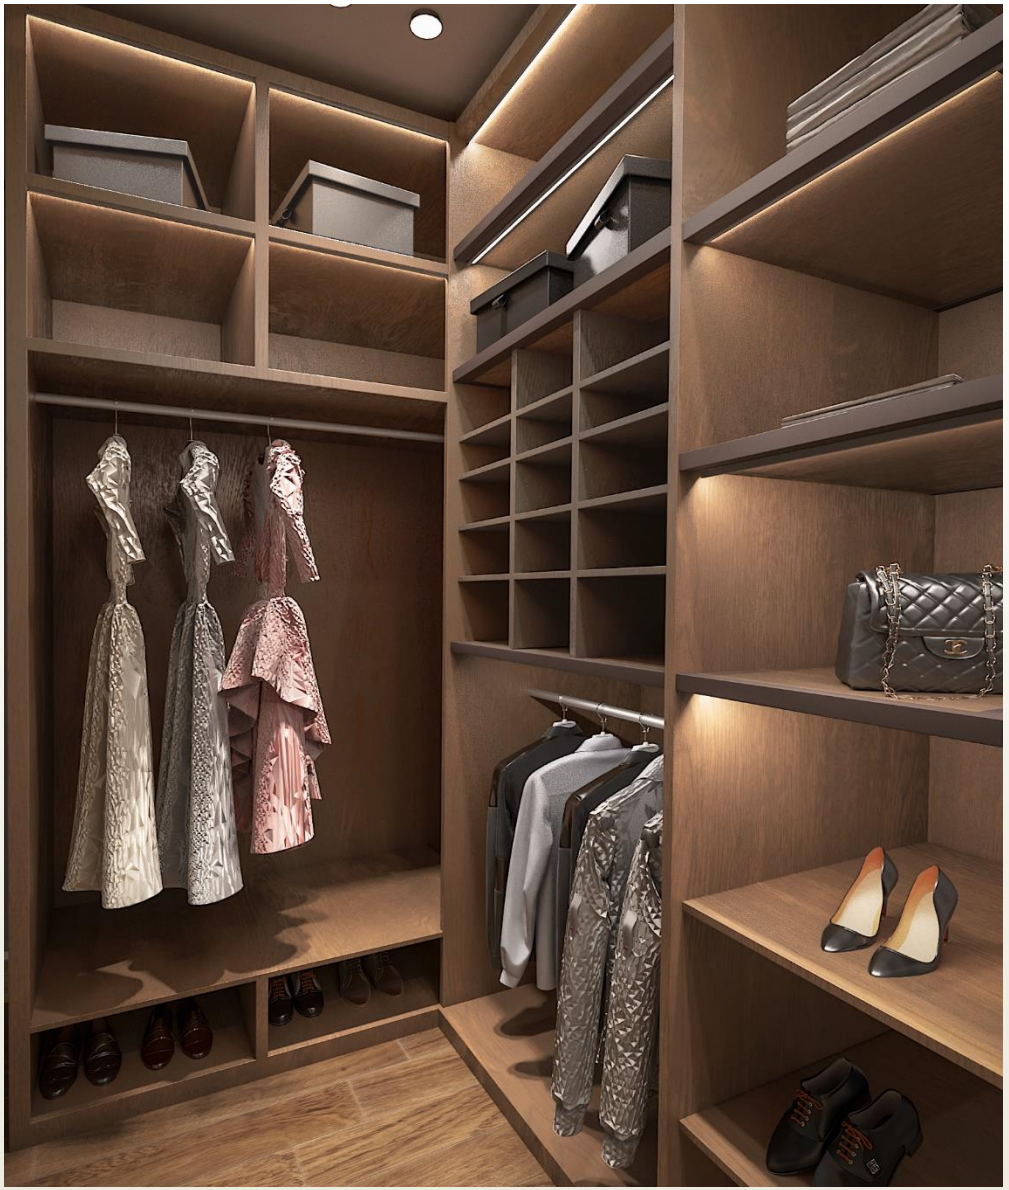

The Patrick walk-in closet is true to its name – it looks great, it is modern yet has a very classy look. Fitted Led lights is always a great feature for dressing rooms.

The glass shelves with dark metal frames is a great feature of the Patrick range. The glass shelves makes the dressing room feel airier and lighter, the frames matching the colour of the hanging rails and inset handles make the dressing room look even more stylish and luxurious as it always is attention to detail that makes any wardrobe not only a functional storage solution but also the interior feature. These come either with a switch or movement sensor.

The dressing room can be made L-shape and put in the corner, we can fit it in the loft with slopped ceiling, reception room or hallway as you choose how many drawers, shelves etc you want to have in your bespoke fitted wardrobe and how you will use it. You can make it as a part of your bespoke fitted bedroom or study.
